Calves a pleasure to handle in a first class set up mind you. Odd steer showed signs of a bit of run but mostly deemed quiet cattle.

Handled With: Bikes , Vehicles

Assessor Comments: A quality line of quiet Hereford steers where all the hard work has been done. Steers were weighed from 265-319 kg's and present forward and in fresh condition and definitely are on the improve after what has been a tough season here. The operation has been using Ennerdale genetics for a long time but in recent years they have been buying Wirruna bulls as well.
