Assessor Comments A rare opportunity to purchase some registered stud heifer's a/c Clay Gully Simmentals. This stud is known for being born and bred on coastal ticky lantana country, which assures any buyers these cattle will thrive on any pastures. These heifers are only being sold due to a surplus coming on and needing to make room. With 3 registered heifers and 2 commercial heifer this is a chance to gain some world class genetics which will be an asset to any breeding program whether stud or commercial. As can be seen in the video these heifers have a great temperament which is a credit to the vendor for the amount of work that has gone into the Vendors Stud Breeding Program. PLEASE NOTE THE VENDOR WILL TRANSFER REGISTRATIONS FOR THE REGISTERED HEIFERS IF WANTED. The vendor will guarantee clearance of the dip and pay for dipping + clearing fees
