Assessor Comments	6 Very Quiet Angus Heifer & Cows with F1 calves at foot. Cows are milking fantastically in the face of adverse seasonal conditions, and should make excellent mothers. Cows were handled with ease throughout the yards, and shown suitable nutrition, should offer large gains in their and their calves body scores, Calves are fresh and healthy, and are sired by Sumo and Longford Bulls. Please note, one calf has a slight limp in his front leg, where his knee appears to be swollen or possibly slightly out of shape maybe from calving. Not thought to be detrimental.
