| Assessor Comments                     | A good quality line of EU Angus/Angus heifers with their first calves at foot. Purchased as a line of PTIC heifers from the Guyra area in May. Heifers are being sold due to being outside of a preferred calving window. Heifers are NSM and should be ready to join to a bull of your choice. NB. One heifer has twins, hence 24 x 25.                                                     |                                                                      |                         |      |                         |      |
