	These females were a pleasure to handle throughout the whole assessment process.			
Handled With	Bikes , Vehicles			
Assessor Comments	On offer are 21x21 Charolais x Angus 1st & 2nd Calvers. These females are of exceptional temperament and would fit into any program. The vendor has a long history of using top genetics from Palgrove Charolais as well as Rockwood Angus bloodlines. Their calves at foot are predominantly 1 to 10 weeks with 2 older bull calves approximately 4 months weighing 205 & 223kg. Please note there is 10 straight black calves. These females are showing all the right maternal traits and doing an excellent job on their calves. These units are only being offered to focus on their Angus herd with no Charolais x Angus females retained.
