	Very docile natured females. Almost needed to push them around the yards by hand to draft. All led up the race very quietly, One cow was so quiet she actually became quite stubborn. Cows wouldn't even lift there heads from feeding when taking photos. Very quiet females that could be handled by a stock person of any experience.		
Handled With	Bikes , On foot , Vehicles		
Notable Traits	Traits 1 Head Old minor eye blemish, non detrimental. 2 Head slight swollen teats		
Assessor Comments	Nice line of young to middle aged Hereford cows with fresh little poddies at foot by Days White face & Injemira Hereford Bulls. Docile natured females in the prime of their productive lives. Being surplus to vendors requirements these female would be and excellent chance for someone to take on some proven mothers. Very quiet females that have shown good fertility, all getting in calf within a short window despite the ordinary seasonal conditions at joining. Vendor also has a bull for sale in the weekly stud and genetics sale perfect to buy and put straight in with these females and continue these good blood lines.
