Assessor Comments	A/c Gooramadda, Team Te Mania The Gooramadda herd has invested heavily in genetics and data collection to produce one of the North East's finest commercial Angus herds. The last 6 years of using Te Mania AI sires has only strengthened the overall quality of the herd. These females had a tough Autumn and Winter given the lack of rain and are only now regaining some of that lost ground. Nice units that would complement any Angus herd or new a beginning. The calves sires can be found in Links under photos.
