Assessor Comments

A line of 15 older cows, 5 to 9 years, that have been preg-tested empty. They are on the market due to the property being sold. They have a curfewed weight of 545 kg, and will present as mainly forward store condition. The same owner has another 29 dry cows on his sister property, which the purchaser can have the right of rejection to, subject to being weighed. The same vendor also has another 2 lines of cows in this same sale. They have been drenched and vaccinated, ready to put out on feed.
