Assessor Comments	An excellent line of crossbred lambs that are weaned drenched and vaccinated, and are ready to go ahead. These lambs will quickly make domestic weights on the right feed and are regularly sought after by the supermarket processors, but are reluctantly being sold early due to a shortage of finishing feed. All lambs are weighed into a tight 10kg weight range and are quite even. Lambs were introduced to cereal grain while still on their mothers. There are approximately 2900 lambs in this consignment, to be sold in various lot sizes as a run out the gate. Excellent quality lambs that will perform given the opportunity.
