Assessor Comments	A very good quality run of shorn, weaned, new season feeder lambs. The majority of these lambs were purchased as first drafts ex SA mallee out of large frame ewes, with 30% purchased locally. They have been running in grazed out wheat crop and present an opportunity for an extremely quick turn around on fresh feed or grain. No top has been taken out and a percentage is killable now. Lambs are healthy and ready to perform.
