Assessor Comments	*Quality Store Shorn Merino Lambs* 713 x Shorn Merino Wether lambs weighed 37.5kg at assessment, April/May Drop and sired by Kelvale Poll Merino Rams. Prior to weaning they had their booster 3in1 sB12, at shearing a Startec Oral drench with a booster B12 & Electrodipped with Proguard for fly protection. The lambs present in strong store/forward condition with fresh skins that show these lambs are really on the do. After a tough start to the year these lambs have really fallen into their own since shearing and shown some good feed. They cut 1.5kg of wool at 17.1 Micron with a yeild of 75%. These Wether lambs are hitting there straps ready to be put on feed or into a feedlot to grow into Bullocks.
