Assessor Comments	320 Top draft of Merino Wether lambs July 2023 drop Ave 42.3kg LW curfew. 21 head mouthed with 16 lambs and 5 just cutting teeth. They are in very fresh strong store condition steaming ahead coming off shears 6 weeks ago. They are very spritely and fit, drafted for frame and condition. these wethers have never had the pick of the paddocks but offer a good doing ability that will add weight onto their large frames quickly in the right paddock. They will perform well for those buyers wanting to grow lambs out into trade and export weights. Buyers can put together lines of one vendor bred one mark lambs. Bred out of Medium to Large framed Watervalley Merino Ewes. The lambs have not been mulesed.
