Any Access To Rams or Stags?	To vendor's best knowledge, the female portion of this lot has had no access to rams or stags.			
Assessor Comments	Excellent line of fresh store lambs still on the do but pastures have turned so time to go. Tail of 20% was removed. Weaned, animal health up to date, dirty lambs will get crutched prior to delivery, these lambs are excellent quality having had no set backs and continue forward on fresh pasture. 2 lines from 2 vendor owned properties running together. Very good tidy line to grow on.
