Assessor Comments	Quality run of 1st Cross Poll Dorset Merino lambs that comprise 1005 lambs all weighed and offered in two weight groups. This the second weight group of 28-34.5 kg. Weaned on 2nd October and had drench, vaccination and lice drench (Flexolt) as ewes had some visible sign. Very fresh and going forward on what is still quite fresh lucerne pastures, these lambs would offer real opportunity to finish post shearing. This group likely later drop younger lambs.
