Assessor Comments	Tops of the drop of the "Mount Oberne" weaned Poll Dorset x suckers with a tail removed. Bred out of large framed plain bodied Blythe blood mature merino ewes by the top selection of the Killandayle Poll Dorset sires, these lambs are bred to perform. Weaned for a month now, these lambs are still running on fresh green pasture and are grain trained with access to barley feeders. Lambs that carry an excellent history of being proven performers and given the proper opportunity will exit as heavy kill lambs. Note vendor has another lot of merino wether lambs off "Mount Oberne" and another four lots of XB lambs off their Adjungbilly property in this sale.
