Assessor Comments	The FB Lock & Son name is very strong when talking about 1st cross ewe lamb production. For many years the young ewes from this professional breeder have influenced some of the leading commercial flocks around southern SA & Vic targeting prime 2nd cross lamb production. We offer a draft of the top 2024 drop of ewe lambs. Offered for sale as a run out the gate of 202. (2 x lines of 202) Exhibiting all the traits of a high class product, length of body, bone, depth, fat & muscle cover, clear open heads & points, are all first class. Bred out of ewes from some of the best merino flocks in the SA Mallee & Mid North, of particular note is the growth that these ewe lambs have shown in the tough conditions of 2024. 100% weighed to ave 46.9kg full weight, ranging from 42-56kg. These ewe lambs will definitely be ready to join in January 2025. Previous buyers also note the high conception rates achieved in the first year. If you searching for quality ewes, look no further. Highly recommend .
