Assessor Comments	Annual sale of Wether lambs. These lambs are a few kgs lighter than the vendor usually sells then at only due to the tough season they are going through, these lambs have good length and shape just need some quality feed put in front of them to continue on and grow out to heavy weights which they are known to do with ease. All the breeding is there they just need some more time which the vendor is struggling with only due to the season. Only 5 weeks off shears they will start to go ahead and perform. Please note the vendor has the complete drop of ewe lambs in this same sale, good opportunity to put some numbers together or acquire some good future breeders.
