Assessor Comments	On offer is an outstanding run of SHORN X-Bred store lambs that present as the perfect article to take forward to heavier weights. Averaging 40kg at assessment, these lambs are right up to date with their health treatments and are very well shorn, only 3 weeks off the board. They are well bred out of Kinellar White Suffolk Rams and have the genetics to reach domestic and export weights given the right nutrition. These lambs are in forward store condition and are the lead of their draft. They have been trained on grain since weaning and would make ideal lambs to take into the feedlot or to finish on grass. All of the hard work has been done with these lambs so buyers please purchase with confidence.
