Any Access To Rams or Stags?	To vendor's best knowledge, the female portion of this lot has had no access to rams or stags.			
Assessor Comments	A very smart line of unshorn lambs, well grown & properly weaned. These lambs have usually been retained and finished to meet the export markets. From a very well regarded commercial sheep & seedstock cattle operation, these lambs have been well cared for and have not suffered any set backs. July/Aug 2024 drop. Great lambs to set for the strongly forecast new year markets. Fresh enough to potentially get to optimal kill weights without shearing. Highly recommended.
