Assessor Comments	Excellent run of Poll Dorset x Merino lambs out of large frame Woodpark Merino ewes. Lambs have been weaned and are going ahead well. These lambs have plenty of frame for their weight and with the wool off would steam ahead. Lambs are crutched and in good health, These lambs have the capacity to keep going to export weights or are the right quality to finish as a trade weight if desired. They won't keep you waiting long these lambs and are ready to take to the next step. Genuine run of lambs that attract repeat buyers. Note: See Video
