Assessor Comments	DISPERSAL. Opportunity to acquire well bred young Ewe lambs that would not normally get offered, especially at this weight and age. These lambs are Pure Kilfeera Park merino bld. The Radford family have been using Kilfeera rams for the best part of 20 years. Of recent years their emphasis has been on increasing the body and fat as well as fleece weight. If any prospective buyers are curious to what the grown article looks like you can view them in results of national sheep sale results 12th/11. Mature flock average 18.5 mic. Opportunity to buy these ewes at a modest age and weight to tuck away as breeders further down the track. Note 100% of lambs were weighed.
