Assessor Comments	Sleigh Farming offering annual drop of 605 Wether lambs off Ruffy. Have been on Toland Rams for 30 plus years, selecting top end Rams for positive carcass attributes as well as very positive wool traits. Typical of invested genetics and appropriate management, these wether lambs present as a quality line. Skins are clean and presenting well nourished, with a good start in the clip. Plenty of length and body for age. Noted doing sheep and are regularly sort after by repeat buyers. Weaned on the 12/09. Market Crutched. Their sisters last year went 17.1 mic and 70% yield. mature Clip av 18.6 mic.
