Vendor Comments	Annual sale of our merino wether lambs. Wethers have performed well this season.		
Assessor Comments	Very well-bred line of weaned merino wether lambs which are trained to a grain trail. Lambs are in fresh sappy condition and carry a clean bill of health. They present evenly as a group and if given the right opportunity will finish for the trade. Alternatively they would mature into excellent quality large frame woolcutters. Kullingrah sheep are well regarded for their wool attributes and have always received positive feedback from previous purchasers.Lambs present with many sound trade opportunities with the current change in the season. Please call for further information.
