Any Access To Rams or Stags?	To vendor's best knowledge, this lot has had no access to rams or stags.		
Assessor Comments	350 1st X ewe lambs. These ewes have responded well since shearing & are on a rising plain of nutrition. Given the right feed most of these ewes would join in the Autumn for a spring lambing. The Campbell family focus heavily on fertility with the Merino ewe flock being scanned & wet & dried every year. Tops of the drop & have had a 20% tail taken out.
