Assessor Comments	A very good line of Australian White Ewes. Ewes are from 1 to 4.5 years and are generally good frame ewes in good condition and doing a good job on their lambs. Ewes have 337 lambs at foot (LAMBS MARKED AND DRENCHED) with approximately 250 larger lambs being weaned off and not in the mob. Rams have been running continuously with the Ewes and would expect majority of Ewes back in lamb (joined at over 5% Rams) Tattykeel Rams used and Rams based on Tattykeel bloodlines. Note 1 old Black Ewe with mob assessed. Very good line of breeding Ewes with LAF and continuously running with rams. Start of full flock dispersal. Note - Notable Traits based on Ewes assessed not complete lot.
