Assessor Comments	These ewes represent a great opportunity to get into some strong performing sheep. 400 ewes in mob being offered in 2 runs of 200. The Grasmere flock has historically been heavily classed to only retain the best ewes with the progeny out of these ewes sisters continually topping the Temora/West Wyalong 1st x ewe sale. These June/July 2023 drop classed out ewes are doing well since shearing and present in strong store to forward condition. They are NSM. You will notice they haven't had a drench besides the weanerguard, this is due to very low Fecal Egg Counts(FEC) throughout the year. Can highly recommend these ewes.
