Assessor Comments	86 border merino ewes that have all reared a lamb the last 2 years. These young ewes are normally retained for producing trade lambs for the domestic markets however are being offered for sale as vendor is moving to an all composite ewe flock. They present straight off the board and the lambs weaned off them only a couple of weeks ago ready to continue to grow out for a summer or autumn join. They are only being offered now as the vendor is scaling down their ewe flock and moving to all composite ewes. These ewes will produce neat lambs and cut stylish xb wool for years to come if given the opportunity. Please note vendor has another lot of 202 red tag ewes in todays auction as well.
