Assessor Comments	132 quality Orrie Cowie blood ewe hogget's. Originally classed in by the vendor to participate in the stud program but later determined the numbers were not required. These medium framed hogget's are ready to go out with any Ram of your choice and will produce quality lambs for the years to come. Excellent results from 2024 wool cut, with hogget's averaging 6.5kgs cut and 17.5micron. Approximately 20 "spring drop" ewes in the mob which still have lambs teeth. Any ewes with defects have been removed. Approx 3% showing scur.
