| Assessor Comments                     | An outstanding run of 4 yr Composite ewes that are in their prime for lamb production. They are December shorn and have had their 2024 lambs removed and sold. Property is on the market and hence the sheep dispersal is in play. Excellent mouths with solid teeth.                                                                                                                        |      |                |      |               |      |                 |      |
