Assessor Comments	230 NSM 1st X Ewes 16-20mths. A very neat line of young breeders as the last part of the flock dispersal of 2000 ewes. Ewes were bred in Crookwell and Dubbo and purchased as ewe lambs in 2023 and have grown into very sound medium to larger framed long barreled young ewes. Ewes have only just weaned lambs after lambing in August/September. These ewes will continue to develop and offer the buying very good 1st X matrons for years to come! Any dry ewes where removed at lamb marking! Ewes are in good buckle to go straight with the rams for a late Autumn 2025 lambing!
