Assessor Comments	Buyers here presents and outstanding line of EU Angus x Angus steers. The Barramornie Beef cattle have built an outstanding reputation on their quality and overall performance with buyers consistently impressed with the steers. Plenty of time, effort and money has gone into the breeding of this herd. Top quality Angus genetics are sourced from Glenoch, Rennylea, Clunie Range & Hazeldean Angus Studs with no expense spared. Due to the dry conditions on the tail end of an Oats crop these cattle are offered in store condition and offer huge compensatory gain. Buyers these steers consistently perform very well in a feedlot and would grow out to be an outstanding line of grass fed bullocks. Please note there is a percentage of steers that have old blight scaring. All steers have been treated and there is no fresh blight. These cattle are sure to impress and must not be missed.
