Assessor Comments	Buyers, this is a nice line of Angus Santa cross steers with plenty of frame and compensational weight gain averaging 343kg. These steers show softness with good length of body, bone and depth of flank. Steers have plenty of frame ready to fill out. Steers were purchased out of southern weaner sale early in year. Steers are very quiet to handle and worked well through yards. This a great opportunity to purchase a great line of steers ready to do.
