Assessor Comments	A nice line of flat backgrounder steers that have had all the handling required & were a pleasure to work with, these steers are generally fresh in the coat & ready to go ahead on fresh feed, I did notice 1 number 3 steer which we found to be a solid milk tooth, this steer is the only one with horns in this consignment, there is 2 steers with some small warts on them 4 showing some brindle. these steers are ready to let go & be backgrounded for the Domestic or Export feeder market
