|              | Heifers handled well throughout the assessment process. Heifers flowed / processed through back yards, force & weigh station easily. 5 heifers became agitated in weigh station exiting with haste. 2 heifers continued to be alert post weighing. Heifers demonstrated a calm nature in our presence & were comfortable to be maneuvered on foot for photos & videos without issue. |-------------------|-----------------------------------------------------------------------------------------------------------------------------|
| Assessor Comments | 26 - EU Accredited - Good Quality Vendor Bred Angus heifers presenting in healthy forward store to fresh condition. Heifers |
|-------------------|-----------------------------------------------------------------------------------------------------------------------------|

are NSM - being bred from a reputable, New England self replacing Angus cow herd based on Pine Creek Bloodlines. 3 heifers were noted to have white Under bellies/ Udders. Heifers are cleaning up in their coats changing with the improving seasonal conditions. 1 heifer noted to have healed blue scarring. It was noted heifers had varying degrees of body warts predominately on the head & neck region. Sale of heifers presents an opportunity to secure a genuine line of Angus breeding females to take on, join & retain as future breeders, or suitable to take on & continue back-grounding for either domestic, export or any Angus specific feedlot market. Note - Vendor has another 2 lots of similar description cattle in same sale total offering of 95 head.
