These heifers were quiet and easy to work with.

Handled With: Bikes , Dogs , On foot

Notable Traits	Traits 1 Head Blue eye/Pink eye scaring 1 Head warts
Assessor Comments	An excellent line of Spring drop Angus heifers. Reiland Angus Stud is renowned across the East coast of Australia for producing quality Angus cattle to perform in any conditions. This is an opportunity to purchase exceptional Angus genetics that would be an asset to any breeding operation. These heifers present in a forward store condition after coming through a very tight winter they are all frame and will accelerate quickly given the opportunity. They show good weight for age considering the tight season and are in ideal condition to join to the bulls of your choice. All heifers are over 324kg and in a tight 50kg weight range. All the hard work has been done, they have just had a 7in1, Pestiguard booster and a drench. They will mature into highly productive breeders which will not only provide high quality sale progeny but also offer great genetic gain for the purchaser running a self-replacing herd.
