Assessor Comments	An excellent draft of EU Vendor bred Angus Heifers off Mintor LLC. Mintor have focused extensively on improving the genetics and performance of their Angus herd by consistently purchasing high indexing Angus bulls off "Table Top Angus" basing their enterprise purely around their bloodlines. Mintor LLC have a real focus on positive figures above breed average particularly on 400 & 600 day growth as well as all bulls selected for +3IMF. These Heifers are genuinely only 14-15 mths of age and are bred from predominately large framed females as proven in their weight for age. These cattle come with an enormous reputation and are highly sort after by previous buyers. Fertility is paramount within the Mintor Herd and for many years now they have only joined for a maximum of 6 weeks. These heifers have all be palpated so you can buy with confidence knowing they are all sound for breeding. Heifers are both Never Ever and PCAS Accredited. Cattle come with the agents highest recommendations.
