Assessor Comments	55 Watervalley Black Angus steers to average 304.2kg LW Curfewed. Individually weighed 300 - 370 kg LW and drafted over the scales being the heavier line of steers. They are in fit fresh forward store condition having a slow start but support a good medium frame capable of fast weight gains given opportunity. Watervalley cattle are well known for their doing ability and will perform well for those buyers looking for improver cattle to add value to their purchases.
