Assessor Comments	32, Speriby North Bld Angus Heifers 9-12 Mths presenting in fresh store condition. LWT Range at assessment 214 to 379 Kg full to average projected delivery weight of 269.2 Kg curfewed. Heifers were easy to handle throughout the yards, Heifers would be suitable to either retain a percentage as future breeders, grow to heavy export feeder weights or to fatten out on grass or grain. Buyers note vendor has another two lots in the same sale. One heifer with white birthmark under her brisket. Expect heifers to have good compensatory weight gains as they have been grazing short green oats for only the past two weeks.
