Steers were an absolute breeze to handle in yards. Steers did have slight rush through gates etc, but quickly calmed when

	that pressure was removed, only typical of age. Steers have been handled by vendor on her own & are used to almost daily interaction with her.
Handled With	Bikes , On foot
Assessor Comments	F1 Speckle Steers 349-403kg at assessment (full weight). These steers are on the up and have been running on the hayed off lucerne, oat & clover mix. They have been turned out after assessment onto a fresh grass paddock with clovers. They should not disappoint if given the opportunity. Vendors cattle have been sold in the past and have performed very well for the purchasers. Steers are by pure bred bulls from some of the best Speckle Park studs. They are out of vendors brought in herd of cows of Angus and Speckles. Very quiet steers and a pleasure to handle. Please note vendor has signed Pasturefed Cattle Assurance System Non-Certified Supplier Declaration. Also there is 1 red speckle in mob, vendor also offering 21 heifers in todays sale.
