Handled With	Cattle were extremely quiet and great to handle. Never got stirred up when singled out or put in crush. Bikes , Vehicles			
Assessor Comments	Brookside offers a quality line of 37 outstanding Angus steers that are very quiet. These steers are thick and square with plenty of bone. They have tremendous weight for age being 380kg at 9-10 mths. They are bred out of very large Toora West and Millamurra Angus cows (600-800kg) by registered sires Banquet and Spry Angus bulls. Their quality and temperament is exceptional. They were weaned a month apart and fed quality adlib hay to prevent any weight loss. They have had all their health treatments and don't require anything more. They are in forward condition and will continue to pour on the weight. Quality steers that have been well handled and are quiet, buy with confidence they will suit any program. Sisters in same sale. 1 steer had grass seed that was removed and treated at assessment
