Well educated young steers that were an absolute pleasure to handle. All led up the race sensibly and stood quietly. Stepped on the scales without hassle and most exited at a walk. Led out in to the paddock quietly for photographing. A few steers with a slightly bigger flight zone that were more anxious in closer proximity to the handler in the yards and/or crush.

Assessor Comments	Nice line of EU accredited Rennylea/Dunoon Angus blood Steers. Healthy young steers in strong store condition and well on the do. These are an ideal lot of 1 mark, baby bullocks to do a back grounding job with, or start straight on a feed ration now. Steers have plenty of length, and stand up with stacks of bone, out of a herd of large framed females, by high growth bulls from Rennylea & Dunoon Angus studs. Cattle have been very well handled and were a pleasure to share the yard with. Fresh steers that will make high yielding export bodies. Buyers please Note. Vendor also has the heavier brothers in the same sale. Please see photos & videos.
