Notable Traits	Traits 1 Head Pink eye scarring
Assessor Comments	A very nice run of backgrounder heifers, these heifers would normally be retained and grown out for feeder heifers or kept as future breeders. They are only being offered for sale now as seasonal conditions deteriorate in western vic.These heifers have plenty of stretch and frame and are starting to shape up nicely and are moving forward and gaining weight well. Well handled heifers that would suit any operation be it feeders or as future breeders. They have been drafted on a tight 40 kg weight range with the tail removed. The heifer with pink eye scarring can be removed at buyers request. Please note this vendor has another lot of heifers up as well. Vendor is also offering delivery until the 22/11to allow successful purchasers the ability to top trucks up at WVLX store sale on the 21/11 with 6000 head there.
