Assessor Comments	A very nice run of backgrounder steers, these steers would normally be retained and grown out to feeder weights. They are only being offered for sale now as seasonal conditions deteriorate in western vic. These steers have been well handled and moved well through the yards and stood calmly for photos, refer to video. These steers have plenty of stretch and frame and are starting to shape up nicely. Ideal steers to turn out and grow into feeders or bullocks. They have been weighed into a tight 40 kg weight range with a tail removed. The steers with pink eye scarring can be removed at buyers request. Please note this vendor has another lot of steers up as well. Vendor is also offering delivery until the 23/11 to allow successful purchasers the ability to top trucks up at WVLX store sale on the 21/11 with 6000 head there.
