Steers were good to handle in the yards, they worked well through the yards and crush. There was no signs of aggression from any of the steers although the odd one stirred up when put under pressure or was separated from there mates. Steers were good to handle and inspect in the paddock prior to assessment in the yards.

Handled With	Aerial (Helicopters, gyro's and planes) , Bikes , Horses , Vehicles
Assessor Comments	A good line of mostly medium framed red flatback backgrounder type steers. A sample of 41 steers were mouthed with 39 0t & 2 1t. Steers have been running on light desert spinifex country, so expect to see excellent weight gains on better feed. Steers will suit southern feedlot backgrounders. PLEASE NOTE: Vendor has another two lines of backgrounder steers available in this weeks sale. 126 Black flatback steers and 123 Crossbred flatback steers
