Heifers are very good to handle in the yards and flowed through the race well when assessing. The odd animal stirred up a little under pressure in crush but settled again once back with the mob.

Assessor Comments	Buyers an opportunity to buy a 3-deck line of 96 heifers that have plenty of frame to fill. These heifers are best described as medium to large frame and in store to forward store condition. Heifers are out of a well-known cow herd and are ready to go on to fresh feed to finish off as heavy feeders or join to bull of choice. This line of heifers has good bone length & frame which & will see good compensatory gain on feed. At assessment mouthed 10 head with all presenting as milk teeth.
