Heifers were not well settled at assessment and 7 played up in the crush. They did settle back down in the yards and are easy to handle with care. Nothing aggressive or silly, note photos and video.

Handled With	Bikes , Dogs , Horses
Assessor Comments	A good quality line of heifers which would suit to background to domestic feeder weights (or further) and also the top end would suit as future breeders. Note they have all been treated with Bovilis MH + IBR, batch details etc available. One heifer noted as an Angus is carrying some white on the udder area. Note a line of 37 steers same vendor in this sale also.
