Heifers handled well with drafting and weighing. just 2 heifers got a bit jumpy when confined but were fine in the mob

Handled With	Bikes , Dogs , Horses , Vehicles
Assessor Comments	A great opportunity to purchase a nice line of vendor bred Angus x Angus heifers. Antibiotic free and Grass fed. These heifers have plenty of frame and growth to work with and will really respond well to some good feed. They have been running on good pastures for the last month and are making up for a wet winter. Heifers are sired by, Curracabark and Urban Angus bulls. The potential is there to grow out to heavier feeder weights or MSA kill specs. Heifers averaged 260kg at assessment with LWR 210- 322kg . noted 2 heifers with 1 cloudy eye (NCD) and 5 heifers showing warts around the neck area (NCD). Vendor has Steers in same sale to assist with trucking.
