Assessor Comments	Brookside offers a quality line of 19 outstanding Angus heifers that are very quiet. These heifers are thick, deep bodied with plenty of bone. They have tremendous weight for age being 340kg at 9-10 mths. They are bred out of very large Toora West and Millamurra Angus cows (600-800kg) by registered sires Banquet and Spry Angus bulls. Their quality and temperament is exceptional. They were weaned a month apart and fed quality adlib hay to prevent any weight loss. They have had all their health treatments and don't require anything more. They are in forward condition enjoying a good spring and present very well. These are well bred, quality heifers that have been well handled and are quiet, buy with confidence they will grow into beautiful big cows and make great future breeders. Steers in same sale.
