Assessor Comments	Attention buyers! On offer is an excellent line of Santa and Santa infused heifers with their whole life ahead of them. These heifers come from one of the oldest stud Santa cow lines in the district and present in excellent condition to go on with in the summer months. These heifers show good bone, frame and would be considered future breeders, these heifers were weighed after a 24hour curfew to average 289kg. These heifers would suit a variety of markets in the near future as an excellent trade heifer or grown into heavy export markets.
