Vendor Comments	We tag and weigh calves at birth which links the calf to the Dam and the Bull. Great opportunity to secure some steers bred from a herd that has been a part of Team TeMania for 28 years. All of the 'Gwalia' Angus Female herd are ACR recorded.

Temperament	Quality Grades		Store Condition	
	Excellent	100%	Fwd Prime	100%
	Yards		Crush	
	Paddock			
	Quiet: 20 head		Quiet: 20 head	
	Slightly Stirry: 19 head		Slightly Stirry: 19 head	
			Quiet: 39 head	

Handled With	Steers were a little stirry at assessment, once we released them into their paddock were walking and quiet. Bikes , Dogs , On foot , Vehicles	
Notable Traits	Traits	
	28 Head	Ring worm around heads and necks
	1 Head	White spot on eye
Assessor Comments	The Chisholm Family have been ACR Performance Recording this herd 30+ years. 'Gwalia' first became a member of 'Team TeMania' in 1995 which now consists of 20,000 cows with a total of 10 herds in the Progeny Test Group. The increased volume of data coming from the 'Team' increases the accuracy of genetic predictions; all Members have full access to the most elite genetics available at TeMania. 'Gwalia' Artificially Inseminate 400 head yearly and run a cow herd of 500. They tag and weigh calves at birth which links the calf to the Dam and the Bull. Susan Chisholm is a great believer in educating weaners who are very quick to learn, and those lessons stay with them all their life. Other steers of the 2023 drop were sold to Rangers Valley for their 'Black Onyx' brand, which requires a 5+ marble score Angus Beef. The 'Gwalia' herd in mid-February 2023 received an updated report from BreedPlan of: Gestation Length -5 Birth Weight 4.0 Days to Calving -6 EMA 5.5 - 6.0 IMF 3.75	
Assessor	Jarrold Slattery (Level 1 Accredited) Phone: 0428 695 700
